S.H.O.W. presents UMBRELLADELIKA LABELNIGHT (BE)

CONCERT / ELEKTRONICA

Umbrelladelika Records is a Brussels based record label and creative platform for a wide range of electronic music styles. Egon Fisk will undoubtedly charm you with his vintage clicks and bleeps.

Oubys isn't afraid to underpin his electro-acoustic ambient with some pulsating beats. And Cnuff.L is somewhat of a vanguard party concept, as it consists of underground producers Egon Fisk and Shepherd (aka Harry Poppins) jamming some new soundtracks together for a selection of short movies. More visual pleasure is provided by VJ's Bart Winkers, Bradt P. Milk and Vidlo.
